"Cartwheels on the Beach"

- 1 Create mask of girl by stamping image onto scrap Photocopy Paper & fussy cutting ensuring it is close to the stamped line
- 2 Draw a light line across bottom of A – Whisper White with Ruler & Pencil. This will be the line if you want your images to be in a straight line when stamping
- 3 Starting from left hand side, stamp 1st girl direct onto A – Whisper White in Memento Tuxedo Black Ink
- 4 Temp adhere mask onto stamped image, mask off bottom part of stamp with Sticky Tape, ink with Memento Tuxedo Black Ink, remove mask & stamp 2nd image ensuring your image is turning at an angle – as per photo
- 5 Continue Step 3 until you are happy with desired number of images. It is best not to do too many as it may look a little too busy. Once finished, erase ruled line with Rubber
- 6 With Basic Black Marker, randomly draw lines along & around the stamped images
- 7 With Watercolour Pencils, colour girl 's dress with Bermuda Bay & Pacific Point & hat with Daffodil Delight
- 8 With Watercolour Pencils, randomly scribble in sky, water & sand onto the stamped Whisper White & blend with the Blender Pen. I used Bermuda Bay for the sky, Pacific Point for the water & Soft Suede for the sand
- 9 Colour sun with Daffodil Delight & Pumpkin Pie Watercolour Pencils, blending with the Blender Pen. Add a ray of sunshine with Daffodil Delight through the sky – as per photo
- 10 Stamp "rocks" along bottom of image with the "Dotty" Image from Awesomely Artistic Stamp Set & Early Espresso Ink
- 11 Highlight areas with Clear Wink of Stella
